Standing Contralateral Punches:

Stand with good posture, feet shoulder width apart, with two bands, slightly taut, one anchored in front of you and the other behind you.

Drive out slowly to full extension and pulling back with opposing band

Counter resistance and bring hands back into starting position in controlled, slow movement

Standing Push Jerks:

Place barbell on shoulders. Drop hips slightly, then push the ground away, driving bar off shoulders. As legs extend, lock arms while landing in split stance with one knee slightly forward and hip slightly bent.

Standing Shoulder Press:

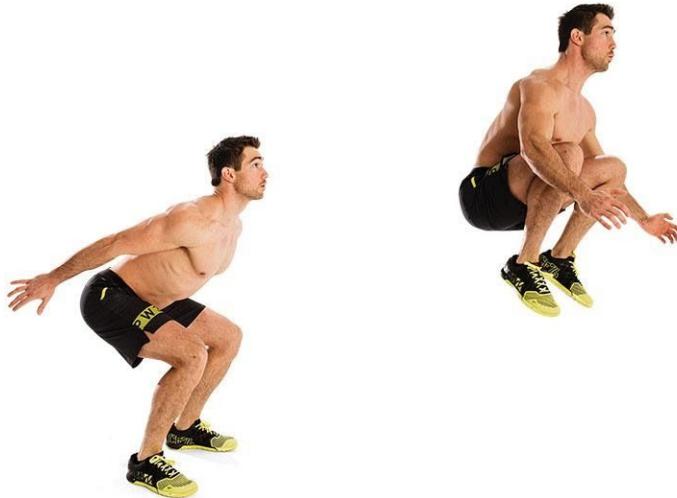

Position bar across shoulders, drops hips slightly, then push ground away driving bar off shoulders. Push bar all the way up to lock arms. Lower bar to starting position across shoulders.

Stepups Fast:

Fast Toe Touch, fast feet. Use your arms to drive. Spend as little time on ground as possible.

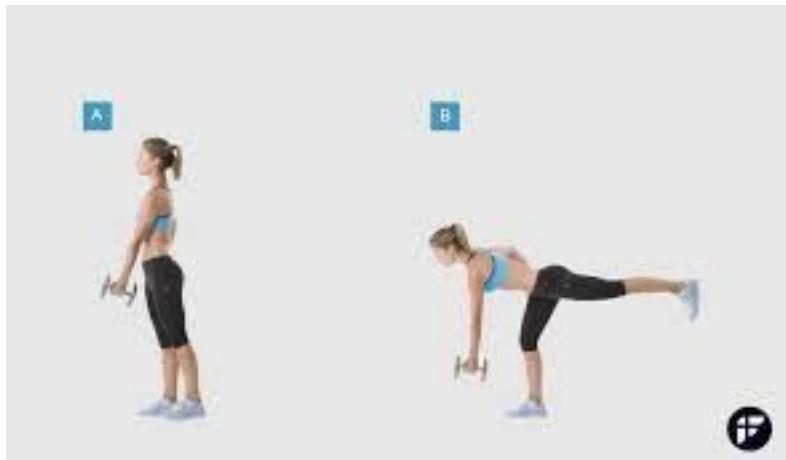

Tuck Jumps:

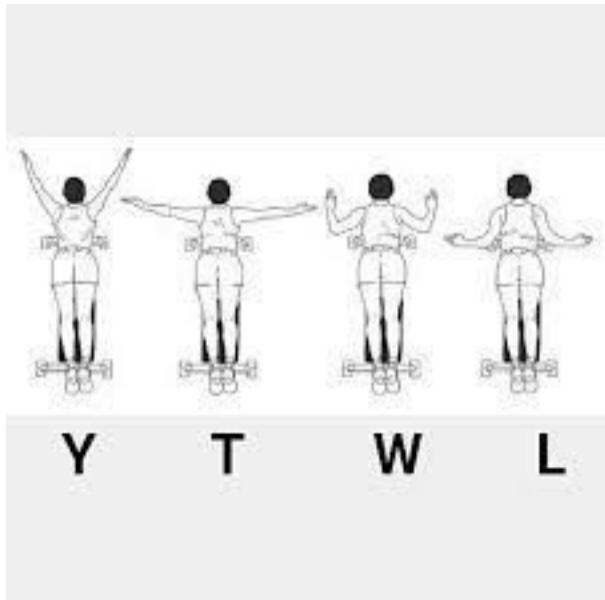

TUCK JUMPS EXERCISE

Dip to one-quarter squat, then immediately blast off, jump as high as possible. At max height, pull knees to chest. Land on both feet with slight knee-bend and ankle-bend. Ready to take off again. Doesn't need to be consecutive...slight pause to refocus and regroup for next jump.
